

TIRE PROTECTION PLAN

**PROTECT YOUR TIRE INVESTMENT AGAINST
ROAD HAZARDS, POTHOLES, NAILS, ETC.**

To better serve our clients, Larson's Automotive offers this hassle-free Tire Protection Plan to remove the financial burden of unexpected tire repairs. This plan is optional and can be added for any tire purchased for a vehicle serviced by Larson's Automotive.

DETAILS OF COVERAGE

- FREE flat repairs
- FREE remounting and rebalancing of the repaired or replaced tire
- FREE tire rotations every 5,000-mile (or oil-change intervals) with the purchase of 4 tires
- Any cut, impact or penetration on a tire which is deemed repairable by Larson's Automotive will be repaired, remounted (when applicable), and rebalanced by Larson's Automotive at no cost to the client.
- Any cut, impact or penetration on a tire which is deemed un-repairable by Larson's Automotive will be replaced at no cost with a comparable tire according to the following terms.

COVERAGE TERMS

Coverage is limited to the original selling price (maximum \$399.99 per tire) or the replacement selling price, whichever is less. Coverage is 36 months or down to 2/32" treadwear, whichever occurs first.

- Year 1: 100% tire replacement.
- Year 2: Coverage for 50% of replacement tire cost.
- Year 3: Coverage for 25% of replacement tire cost.
- Coverage ends when the tire is replaced or worn out (2/32" or less of tread remaining at any point on the tire).
- Plan is not transferrable to replacement tires. A tire protection plan may be purchased for any replacement tire at a cost based upon the tire current retail selling price.
- When a replacement tire is received, the client is responsible for the difference between the selling price and the amount of credit received for the damaged tire. Any applicable taxes and/or additional services rendered must be paid separately.
- Any difference in tire prices due to replacement of damaged tire with a more expensive product is the responsibility of the client.
- Any tire surrendered for credit will become the property of Larson's Automotive.

PLAN EXCLUSIONS

- Tires damaged due to improper inflation, overloading, accident, misapplication, misuse, fire or vandalism.
- Tires used off road, for racing, or showing signs of deliberate abuse.
- Loss of property other than the tire itself.
- Consequential damages such as but not limited to rims, tire pressure sensor, body damage, etc.
- Fleet vehicle tires or vehicles used for business purposes.

A comparable tire may be the same brand and type or in the event the tire is no longer available to Larson's Automotive, a tire of the same basic construction will be substituted.
